Marina Anaya: "Gimlet Bar is a collection of paintings inspired by the atmosphere of bars and nightclubs at late hours, where and when anything can happen," says Anaya. "These works are very much in line with my work from past years, where I show carefree drawings that outline the profile of the characters [bathed in red light], use impossible proportions, unreal movements and always try to convey an omnipresent happy melancholy." Head to the bar at Espacio Versatil. Pg. 19

The Bund
